Subject: *Validation Report of Proposed Doru Community Forest Area
Located in Nimba County*

DATE: February 19, 2011

Background

Predicated on a communication under the signature of Mr. Ricks Y. Toweh, President/CEO-Liberia Tree and Trading Company, INC. (LTTC), requesting the Forestry Development Authority to authenticate, verify and issue necessary Permit for a Community forest area situated and lying in Gbi & Doru district, Nimba County. A team of technicians from the FDA was mandated to visit Gbi & Doru community forest for detail ground truthing, capturing of Tribal Land marks and sight seeing of the area for management's reaction.

In light of the above, two surveyors and three Global Positioning System (GPS) operators, traveled to the land under consideration to conduct a joint ground truthing exercise of the area along with the tribal people and company representative.

Field Patrol

During the period February 4-12, the joint team patrolled a significant portion of the area and gathered detail information relating to on going multiple uses of the area, types of vegetation, topology, and livelihood of communities dwellers within the parameters of the forest.

A.P. S.T.
J.A.
M.M.

Findings

Following an intensive tour by the technicians, we observed and authenticated that:

- ❖ Indeed the Community forest area does not overlapped with any of FDA allocated areas;
- ❖ The community forest area form boundary with International Consultant Capital (ICC) in the north in Nimba County;
- ❖ Greater portion of the area is suitable for harvesting (commercial logging);
- ❖ Topographically, the entire land mass of Tribal land area submitted to FDA is relatively flat with few major water ways;
- ❖ The area is truly located in Doru community, Tappita District, Nimba County;
- ❖ The size of the area requested by the citizens of Doru Chiefdom, Tappita Statutory district for harvesting is larger than the actual area plotted (area requested for is **86,485 acres/35,000 hectares**, actual area plotted is **91,212 acres/36,912.98 hectares**);
- ❖ The commencement or starting point of the Community forest is Northing 0491069 and Eastern 0664441 (Universal Traverse Mercator) on the surface of the earth.

Recommendation

In view of the verification and confirmation of these documents by the Forestry Development Authority, coupled with our ground truthing (February 4-12, 2011), we herein recommend that:

- * The actual area of Doru Chiefdom plotted be given with the Metes and Bounds on behalf of the people of Gbi & Doru District;
- * As per Community Rights Law (CRL) of 2009 provision in chapter two sections 1-8, we therefore recommend that FDA Management issue a Community Use Permit for Land totaling **91,212 acres/36,912.98 hectares** to the people of Doru chiefdom, Gbi and Doru district, in compliance with all relevant requirements of this section.
