Dear MSG Members,

I've attached the TOR for LEITI's pre-validation exercise and the Memo from the MSG and Secretariat describing how the MSG has decided regarding the beneficial ownership roadmap implementation which became a requirement since 01 January 2020 for your review and "No Objection".

The Pre-Validation exercise is essential in ensuring that Liberia takes no chances with the pending validation that is expected to commence on January 1, 2021. The assessment is crucial to enable LEITI to identify whatever gaps that exist in the implementation process and design short-term programs in mitigating those gaps ahead of the Validation.

The Memo is a part of the data needed by the Independent Administrator for the preparation of the Gap Analysis Report.

Kindly allow the Secretariat to have your "**No Objection**" approval of these instruments before the close of the business day on Wednesday, September 16, 2020.

Thanks.

LEITI Secretariat
