Dear MSG Members,

At the MSG retreat in Buchanan, Grand Bassa County, the body agreed to the updating of the Mainstreaming Feasibility Study that was done in 2017. The MSG instructed the Secretariat to ensure that the report is updated in line with the New 2019 EITI Standard and it should take into consideration changes that have occurred in the Government since the publication of the first report.

Given the above, kindly find attached a comprehensive TOR and Budget for updating the report. The attached TOR was shared with the International Secretariat for review and inputs.

Therefore, the Secretariat is now requesting your inputs or **No Objection Approval** of the attached documents. Kindly allow the Secretariat to have your inputs or No Objection approval before the close of the business day on Thursday, June 10, 2021.

Thanks.

LEITI Secretariat

Hello Jeffrey,

I just wanted to let you know that I am scheduled to leave Liberia this weekend so you can take me off the mailing list for future emails. I have copied my colleague here at the Embassy Mr. Alusine Sheriff: Please include him on future emails and he will connect you with my successor when he arrives in Liberia in July.

It's been a pleasure working with you and all the best with LEITI going forward.

Regards,

Ivan.
